

October 8, 2015

Today we are pleased to announce the launch of new features on DirectorInsight, making governance decisions much easier.

All the information you need in the Palm of Your Hand

DirectorInsight is now also securely accessible and usable on a mobile handheld device next to other devices including desktop, personal laptop and tablet. Instantly obtain company board, pay, governance and performance intelligence, anytime, anywhere that can help enable better decision making and engagement.

A comprehensive peer modeling tool for screening company peer groups appropriateness fit

You can now, through our new proprietary peer modeling tool, construct and screen company peer groups with the flexibility to adjust key metrics to prevent a “one size fits all” approach. It enables issuers, investors and other key stakeholders to obtain a comprehensive and completely objective diagnosis on company’s peer composition for its appropriateness. Self-constructed peer groups can be easily transported to our pay for performance screening tool enabling you to swiftly assess pay for performance misalignments and set competitive market pay practices.

Target compensation

Next to granted, realized, realizable and outstanding compensation data we now provide insight on companies ‘target pay levels’ enabling you to tie company pay targets to short and long term performance, compare pay practices of companies that are similar and assess target pay leverage for upcoming compensation discussions,

based on historical and actual performance relative to comparable companies.

Currency converter

Get instant access to our new add currency converter feature enabling you to view our data in your own preferred currency. In just 'one' click you can get a currency conversion into 11 different currencies.

Stay Tuned:

Launce of Disclosure Research tool
